

WOODSTOWN SEWERAGE AUTHORITY

January 15, 2013

The regular meeting of the Woodstown Sewerage Authority was held in the Borough Hall in accordance with the Annual Notice adopted February 7, 2012, advertised in the Today's Sunbeam and posted in the Borough Hall Foyer in compliance with the Sunshine Law NJSA 10:4-5 to 10:4-21.

The meeting was called to order by Chairman Robbins.

The following members were present:

Brian Pokrzywa Mike Quinnette
Matt Nowicki David Layton

Also Present: Cynthia Dalessio Jim Hackett
 John Hoffman Danielle Farrell
 Tom Sholders – ETS Dave Layton – Public Works

The minutes of the December 18, 2012 meeting were approved on a motion by Mr. Pokrzywa, seconded by Mr. Quinnette and a unanimous vote with the exception of Mr. Nowicki who abstained.

Public Portion

John Berenato would like to put in a Laundromat where the hair salon was located at 300 West Avenue. Mrs. Farrell stated that DEP regulations call for 580 gpd per machine. This would require 22 EDU's with connection fees of \$5,294.00 per EDU. Mr. Berenato stated that the washing machine manufacturer says they only use 110 gpd per machine. The developer is to stay under 8,000 gallons so a TWA permit is not needed.

Mr. Berenato will prepare an application and he will need to get water pressure tests. He will provide documentation to support his request for a lower EDU calculation. He will also be required to use phosphorous free soap in the vending machines.

Engineer's Report

Pierson has submitted the additional information for the application. Mrs. Farrell recommends that the downstream piping be videoed. A motion was made by Mr. Nowicki, seconded by Mr. Layton to televise. It was the general feeling that Pierson should pay for the video so the motion was withdrawn.

Contracts are being prepared for Lattimer. A motion was made by Mr. Nowicki, seconded by Mr. Layton approving an amount not to exceed \$39,000.00 for R & V services.

The DCA application for East Millbrooke Avenue was denied.

The school feels that there will be no additional flow for the new building but Mrs. Farrell disagrees. The main should be moved as part of the project as it currently goes under the gym. Otherwise, the manhole will be inside the building when the new multi-purpose room is added.

An update has been drafted at the auditor's request.

Wastewater Report

There are no issues to report.

Treasurer's Report

The monthly reports were reviewed.

Mr. Hackett distributed the audit. The resolution will be adopted at the reorganization meeting.

Solicitor's Report

No report.

New Business

Award of the sewer chemicals contract will be done at reorganization on Feb. 5 at 6:00.

A motion was made by Mr. Pokrzywa, seconded by Mr. Quinnette to pay the bills with additions.

There being no further business the meeting was adjourned at 8:16 pm.

Cynthia Dalessio
Secretary
